About E2 Solutions

E2 Solutions Inc. is a growing software and services company in the supply chain industry. We provide a fun, casual, and flexible work environment where you get to work with smart and driven people on cutting-edge solutions. We implement a broad range of proven supply chain solutions to fit our customers' size, business strategy and appetite for growth. Our customers conquer the complexity of the supply chain thanks to our portfolio that includes software, automation, vision solutions, robotics and material handling – plus the systems integration expertise to tie it all together. E2 helps to manage the supply chain as a competitive advantage.

Summary

We have full-time positions available for Project Managers in our Edina office. As a part of our implementation team, you will be designing, configuring, testing, and implementing warehouse management system (WMS) and cutting-edge Vision solutions. You will be responsible for driving and managing all aspects of our software implementation projects from start to finish.

Duties and responsibilities include but are not limited to the following:

- You will manage project timeline and budget including resource allocation and project documentation
- You will provide timely status updates and time sheet approvals
- You lead workshops to gather customer requirements, convert business requirements into technical design documents using Microsoft Visio, Word, Project and Excel
- You run daily sessions with teams to configure, develop, debug and troubleshoot solutions per design documents.
- You assist in training of customer management team and end-users
- Other duties as assigned

Required Skills

- Ability to work in a fast-paced environment
- Excellent time-management skill
- Self-motivated and Tenacious
- Natural problem solver
- Attention to detail and accuracy
- Able to work in a respectful manor with all levels of employees
- Work effectively both in the office or remote
- Excellent communicator, both verbal and written

Qualifications

- Previous experience managing Software Implementation Projects

Reply with interest to careers@e2.solutions
